

The diagram illustrates the number 100 as a sum of three parts: 10, 30, and 60. It consists of three rows of vertical bars. The first row has 10 bars, the second row has 30 bars, and the third row has 60 bars. The bars are arranged in three distinct groups, with the first group having 10 bars, the second group having 30 bars, and the third group having 60 bars.
