[illegible][illegible]

A diagram illustrating the decomposition of a 10x10 grid into squares of various sizes. The grid is represented by a large rectangle divided into smaller squares. The sizes of the squares are indicated by the number of grid units they span. The decomposition includes one 10x10 square, two 5x5 squares, two 4x4 squares, three 3x3 squares, six 2x2 squares, and ten 1x1 squares. The total number of squares is 15.
